Manuel Perez Larry Bellanich, Deserts Sands Unified Michael Ropchack, Hemet Unified School District Shannon Vargas, Hemet Unified School District Tanya Humphrey, Black Women’s Leadership Forum</p>

I. Discussion Points

- What are the sources we have available for collecting data?
 - Essence - collects data from some hospitals throughout the County.
 - a. How many hospitals are included in this data and how many of those hospitals are in Riverside County?
 - b. Attempts data may be easier to access
 - Would like more real time data. (Attempt data, Death Data)
 - Epi Data - Coroner data
- Information sharing is happening - Are there MOUs in place that we can access/use to get more real-time look?
- Question; Does the attempt data provide the means as well?
 - Having this information may be beneficial to help guide the education needed for certain areas.
 - Sona suggested that data on ideation may be available by state & regions.
 - In Riverside County, there is a higher rate of suicide by hanging/suffocation.
- How can we expand Sub-Committee membership - what data would be needed and what partnerships would need to be created to get community interest to join.

II. Action Items:

- Joseline will compose a list of the sources for collecting data which includes the names of participating hospitals and a map that shows where they are located within the county.
- Create spreadsheet to track all the data sources, what data is received from which source and what timeframe it looks at (most recent)
- Sona & Christy will create google acct for the group to be able to share information. Once created they will share the information with the group.

III. Next Meeting:

- Thursday, December 17, 2020 9:00am - 10:00am
