**I. F/U on previous action items:**

**II. April SPC Quarterly Meeting Discussion:**

- SPC Leadership and co-chairs would like to focus on the upstream approach for suicide prevention and promoting resiliency. They will be having a guest speaker that will share information about risk factors and protective factors and how we can build and promote resiliency.
- Leadership would like for this committee to share data that is focused on the topic as has been done in previous meetings.
- Some possible data sources:
  - ACES
  - Inland SoCal data
  - 211 Basic Needs data

- DPSS data
- First 5
- CANS - offers information on children measures, risk behaviors, child safety, caregiver needs and strengths and overall family.
- Local health plans
- Christy suggested connecting with the Upstream SC to discuss what the plan is for the upcoming meeting and share our different data sources.

### III. Other Matters:

- SPC website is continuing to be worked out, Mindy will share any information as it is received from leadership.

### IV. Action Items:
